Company Profile

Yahe Heavy Industry

We are a professional manufacturer of rotary drilling rigs, mainly engaged in engineering drilling rigs, pile drivers, cranes and other engineering machinery products. We have all kinds of certificates and support authenticity inspection. Our biggest advantage is [TradeMessenger](#)

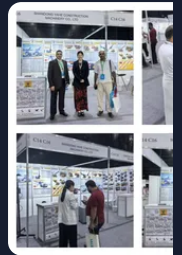

manufacturers and have independent import and export rights which can reduce the price

COMPANY PROFILE

Shandong Yahe Construction Machinery Co, Ltd. Is a modern professional R&D and manufacturing enterprise of heavy construction machinery. The company covers an area of 50,000 square meters, with a construction area of 20,000 square meters, and has a total investment of 150 million yuan. The company has been engaged in the research and development and production of rotary drilling rigs, various hydraulic parts and other construction machinery since 1995, and has established long-term cooperative relations with international parts suppliers such as Cummins, Rexroth, and Kawasaki.

The company has independent import and export rights, has passed ISO9001 certification, and has obtained CE, SGS, CQC certification, and its products have been recognized by global authoritative organizations. Our rotary drilling rigs are of reliable quality, beautiful appearance, practical structure, and thoughtful after-sales service. They are widely used in municipal construction, railways, high ways, bridges, docks, large ports and high-rise buildings and other basic constructions, and have won the trust and praise of users. Products are exported to Australia, South Africa, Russia, Africa and other places. At the same time, our products enjoy
